

EMERGENCY EMOTIONAL RESILIENCE ACTION SHEET

☐ Name one safe person I can call or text when I feel breaking.

☐ Have a quiet, low-stimulation space I can go to.

☐ Breathe slowly and deeply for 2–5 minutes.

☐ Name 3 simple sensations (feet on floor, breath, one object I see).

☐ Write 2–3 sentences about what I feel, no editing.

☐ Limit screen time and heavy media after a crisis.

☐ Allow myself to rest, not push through everything.

☐ Plan one small follow-up step for tomorrow (therapy, talk, walk, journal, plan).
