

AI Therapy Session Planner

Session 1

Getting Started

- ✓ What brings me here right now?
- 🎯 What am I hoping to improve?
- 💓 What emotions feel strongest today?
- 🔒 What feels hardest to talk about?
- 👉 What do I want my therapist to understand first?

Session 2

What I'm Feeling

- 😊 What emotions showed up this week?
- ☁ When did I feel most overwhelmed?
- ✨ What seemed to trigger those feelings?
- 🍃 What helped me feel even a little better?
- 🤝 What do I need more support with?

Session 3

Patterns and Triggers

- 🔄 What keeps happening over and over?
- 🔋 What situations tend to drain me?
- 💭 What thoughts show up before I feel stuck?
- 🔧 What coping habits are helping?
- 🧩 What pattern do I want to understand better?

Session 4

Healing and Support

- 🌸 What has helped me heal before?
- 🤝 What support do I wish I had more of?
- 🛡 Who feels safe to talk to?
- 👁 What makes me feel seen and understood?
- ❓ What kind of support do I need right now?

Action and Practice

- 💡 What small step can I take this week?
- 📦 What coping skill do I want to try?
- 🚧 What boundary do I need to protect?
- 📅 What can I practice between sessions?
- 🌱 What would progress look like for me?

Reflection and Next Steps

- 🎤 What did I learn about myself?
- 🔄 What changed since the first session?
- ★ What am I proud of?
- 🕒 What still needs attention?

AI helps organize, humans help heal.
